FRIDAY MORNING, MARCH 22, 1867.

LOCAL MATTERS.

To Correspondents. We are continually receiving communications on political and other matters from persons who do not attach their proper names to the articles sent; and we take this occasion of repeating that nothing can be published in THE DAILY NEWS without being indorsed by some responsible individual.

THE RAFFLE.—The Ladies' Musical Work Box at Mackey & Baker's Furniture Wareroom, will be rafiled to-night between the hours of 7 and 8

MAYOR'S COURT, March 21 .- As there was nothing on the docket this morning to be adjudicated, his Honor signed his name to the general report, and retired, as much pleased at the quiet of the city as the reporter was at the absence of work. --0---UNITED STATES CIRCUIT COURT-Hon. GEORGI

S. BRYAN, presiding .- On motion of L. W. SPRATT, Esq., Hon. MILLEDGE L. BONHAM was admitted to practice in the United States Circuit Courts of South Carolina upon taking the customary oath. THE COMBINED SPANISH METHOD-A new practi-

cal and theoretical system of learning the Casti'ian language, &c., by Alberto DE Tornos, A. M., New York. D. APPLETON & Co. We have received a copy of the above-named work from Mr. John DETENTION.—The steamer Kate, Captain T. J.

Lockwood, from Florida, was prevented from arriving with her usual punctuality by heavy weather, and will be detained over at this port until Wednesday next, when she will promptly leave for Palatka, touching at Savannah, Jacksonville, Fernandina, &c. THE MAILS yesterday were again found wanting.

No Northern mail beyond Wilmington. Why, deponent not knowing, sayeth not. We are thus again cut off from our usual source of news, which just now, when we are put on such extra short rations of telegraph, is anything but agreeable. The mails from the South and West are always irregular. The Department, or else its ways and means, seem to stand sadly in need of reconstruc-

THE FREUNDSCHAFTSBUND last night had a crowded audience, all come to enjoy themselves; and from the evidence we had during our brief stay, we have no hesitation in saying that they were not disappointed in their expectations. The Trio, from the Freischutz, Cello, Violin and Piano, was a masterly performance, rendered with a degree of feeling and expression not often met among amateurs. "Lorenz and his Sister" was very well played, and afforded an infinite source of merriment. These were the only two pieces we were privileged to hear-time not permitting us to remain longer.

PUBLIC SCHOOL. - By reference to our advertise ment columns it will be found that the Public School, on the east side of Meeting street, near Mary street, is to be re-opened on Monday next, under the auspices of the Board of Commisioners of Free Schools. This will be good news to many who have been unable to have their children adraitted into the over-crowded school in St. Philip street. We hope our Commissioners may soon be able to procure additional school room. The building in Meeting street is of very limited capacity, and will fall far short of meeting the demands of the northeastern part of the city.

She was ably assisted by Mrs. this medicine as a most effective one on diseased P. WINEMAN.

THE CIRCUS.—Fair weather has always been asheavy rains that have prevailed for the past few combination show at the Citadel Green. The a few remarks pertinent to the occasion. troups paraded through the streets yesterday, and attracted considerable attention by their music, horses, &c., and proved by their bearing that they were caps ble of the difficult feats attributed to them. The pavilion is well arranged for the by the Southern Relief Association to the destitute audience, and the actors are perfect in their different roles, while the trained animals are well educated beasts. There are few places of amusement that are more entertaining than a circus, and MIRE LIPMAN'S is one of the best that has ever visited our city.

CITY IMPROVEMENTS .- The causeway at the head of Rutledge street, which had been gradually caving in by the action of the tides, has been filled up, and preparations are now making to furnish a substantial wooden curbing for the cause way and the sidewalks. Pine boards laid at intervals along this and Calhoun streets are an evidence that the Street Inspector will not be idle, and that this section of the city will be soon placed on the same footing with those which have already experienced his friendly touches. The proposed repairs have been much needed at this locality, as the bridges and breakwaters showed sensibly the effects of both time and tide, and the street was in a dangerous condition by reason of the numerous holes that had been formed. When these contemplated improvements are completed, Rutledge street and Avenue will be again a popular drive, and be frequented by many who have heretofore avoided it on account of its dilapidated condition. The Mayor and Street Inspector have employed every means in their power to make the sidewalks passable, and though this has been confined principally to the western portion of the city, yet the work is progressing, and before long East Bay will be supplied with substantial brick pavements instead of the mud puddles that now ornament it.

WHITE POINT GARDEN.—This cld promenade was so much abused and torn up during the war that it appeared to be almost impossible to regenerate it; but though now only a garden in name, yet wonders have already been accomplished, and by next summer it will present its usual attractions to the gay crowd of pleasure seekers that daily assemble to breathe the salt air. Those who remember the forlorn appearance that this spot presented while the excavations and mounds made by the Confederates still remained, will be surprised at the transformation that has been effected in a few months by the energetic management of the city authorities. The earth works have bean razed to the ground and the holes filled until the level is uniform; trees have been set out and those already planted have been trimmed and carefully attended to, while the ground has been well manured and sown with grass seed. Although the city treasury is not in a plethoric condition, yet these improvements were urgently needed, and great praise is due those members of the Council who have had the control of the work. It is their intention to have the walks shelled and graded, neat grass plats made, and the whole to be surrounded with a substantial iron fence, and furnished with benches at stated intervals, which will give the Battery the appearance that formerly made it the pride and boast of our citizens.

RECOVERY OF STOLEN PROPERTY AND ARREST OF THE THIEVES .- On the night of the 15th, while the steam water boat Agnes was in the dry dock, undergoing repairs, she was entered by some parties who robbed her of bed clothing, wearing apparel, and a double barrel gun. Mr. Tuoxy, the owner of the boat, had employed some hands the day before the robbery, and suspicion was at once directed towards them on account of their working but one half of the day, and not coming to be paid off with the remainder of the hands. Information was lodged at the detective office, where officer Levy was in charge during Lieut. HEND-RICKS' sickness, and, with his usual energy, he soon succeeded in arresting the parties and in recovering the stolen property. The gun had been sold to a colored man on James Island for \$4, but was traced up and secured.

These thieves are some of those recently released from jail by Governor ORE, whose return to their old quarters was not unexpected; as their characters were well known to the police. By this arrest, a gang who have been preying upon the shipping and wharves for some time has been broken up, and great credit is due the detective officers for the vigilance with which the whole affair was conducted. The result has been grating to Mr. Tromy, and the public will have a cause of rejoicing when they learn that these thieves have an opportunity of studying jail life with any interruption.

THE HASEL STREET SYNAGOGUE SUNDAY SCHOOL CELEBRATION .- Notwithstanding the very incle ment weather yesterday, there were a large number of persons present at the very interesting examination of the children of the Hasel street Synapleased to note the Rev. E. J. MEYNARDIE, and gy, &c. other invited guests. The children were all dressed in excellent taste, and with their bright eyes, and happy, smiling faces, presented a most pleasing group. Parents, friends and teachers looked equally pleased, and not unfrequently indulged in conscious pride at the happy manner in which

the young orators acquitted themselves. The exercises were opened with prayer by the Rev. M. H. Myers, after which the entire school joined in a hymn. The singing was led by Mrs. W., and proved that the children had been well trained. The recitations were announced by Mr. P. Wineman, who exercised a general superintendence. The opening address, by Master G. LOPEZ, was remarkably well delivered. Recitations followed by Master M. WINEMAN, and Misses D. Moise and V. Solomons. Next came a brief examination of their class, concluded with a hymn: "We are but young."

Miss S. FALK next recited, "What a Child Has;" and Miss H. Moses repeated "The Curse of Cain;" Master L. Ancker, "Elijah's Interview;" Miss Ap-DIE SOLOMONS, "The Flowers." Miss HOFFMAN rocited some pretty verses on Purim; Master S. ANCKER "The Voice of Nature."

Miss C. Ottolengui, a young lady apparently not over seven or eight years of age, repeated some verses ("The Rainbow") with admirable effect. Her elocution was unexceptionable, her expression touching, and her gestures very graceful. This was followed by a diclogue by Misses J. Solomons and A. Moise-"The Better Land." The whole school then joined in the following hymn, written and vastly more profitable. This is no patent way to for this anniversary occasion by Mrs. P. M. C., to get rich, nor yet is it a temptation to speculate in illuthe air of "Home, Sweet Home:"

We joyfully greet this day's happy return, And worship the God, whose commandments we leave the Mid hie's brightest joys, or in sorrow's dark hour, We turn to the one great Almighty in power;

The sceptre of gold that from royalty's hand

With heart full of sadness, she pray'd that the foe, Who, with evil design, would the Hobrows o'erthrow; Should from His high station, with anger be spurned, And wailings of anguish to gladness be turned.

The edict went forth, her loved people to save,
From destruction and death, from the gloom of the grave
And Israel over shall hallow the day
That chased the dark cloud of misjortune away;
Praise, praise the God above,
Who smiled on His children with mercy and love.

The first class was then examined in catechism. by Rev. M. H. MYERS, in which the catchumens acquitted themselves very well. Master P. WINEMAN next recited the well-known and touching Hebrew tale of the Rabbi and the Jewels. The declaration was executed with excellent taste and | five grew and spread, the pestiferous crop of poisonous much pathos. "Gifts to the Poor" was recited by Miss H. HIRSCHFELD. "Two Angels," by Miss AMIDA COBEN, was very well rendered. "The Vision of Belshazzar," by Master M. JACOBS, Was very well delivered. "Ruth and Naomi," by Miss JESSIE COHEN, met with many plaudits. "Hagar in the Wilderness" was rendered in excellent taste and with fine dramatic effect by Miss R. OTTOLEN-

GUI. "Our aim," by Master LŒB, followed next. A dialogue between Misses S. Solomons and E. LEVY, on the Purim Festival, was very well spoken, and pleased generally. Master A. Otro-LENGUI made a very fine, and excellently delivered in Indigestion, they are now admitted to be superior to speech on the "Influence of Hope at the close of any other preparation ever advertised or prescribed. WILL Be DISTRIBUTED AS FOLLOWS: THE name and value of each article of our goods are marked on tickets, placed in sealed envelopes, and well mixed. On receipt of 25 cents, an envelope containing such ticket will be drawn without choice, and delivered at our office, or sent by mail to any address. The purchaser after seeing what article it draws and its value—which may be from one to five hundred dollars—can then, on payment of one dollar, receive the article named, or may exchange it for any other article marked on our circular at the same value. Every ticket draws an article worth one dollar or more. No BLANES.

Our patrons can depend on fair, honorable dealing. The article drawn will be delivered at our office, regardless of its value, or promptly sent as directed, by return mail, or express. RELIEF FOR THE DESTITUTE.—The steamer Memphis, which arrived in this port from New York some days since with a full cargo of corn, donated less of its value, or promptly sent as directed, by return mail, or express.

Letters from many persons acknowledging the receipt of valuable gifts from us, may be seen on file at our office, among whom we are permitted to refer to:

The city undertook the transportation to the railroad, and the long string of loaded drays that passed from the wharf to the depot yesterday, bearing the staff of life to the needy, was a cheering sight. The amount distributed was three thousand two hundred sacks, or six thousand four hundred bushels, and only those points were selected where there had been the greatest want. As this is a free donation, the railroad companies will, no doubt. carry it to the different points without any charge for freight. General TYLER has been in charge of the portion of the cargo destined for this State, and efforts have been made, both by himself and the other officers stationed at this port, to ascertain where the greatest destitution prevailed, and send the corn to those points alone. The following letter from Major DEAN to Lieut. JOHNSON, the Provost Marshal, was handed to the Mayor yesterday morning, and contains full information re-

garding both the delivery and destination: CHARLESTON, March 16, 1867. Lieutenant J. M. Johnston, Provost Marshal:
Lieutenant:—The Assistant Commissioner directs that you make the following disposition of the corn sent by steamer Memphis:

1st. You will have each shipment plainly marked "Donated by the Southern Relief Association," and

As soon as each separate shipment by railroad is completed, you will notify the officers or agent to whom it is sent by letter, of the date of shipment, number of sacks, and its probable time of arrival.

You will make the shipments to the following named persons, sending the quantity placed against their names. You will instruct all agents to return to you the sacks, in order that

be unequalled by that of any other in the far-famed valley of Saratoga. Its virtues are such as have secured it the high encomiums of all who have used it, possessing, as it does, in an eminent degree, cathartic, diuretic, alterative and tonic qualities.
From SAMUEL HENRY DICKSON, M. D., Professor From SAMUEL HENRY DICKSON, M. D., Professor Practice of Physic, Jefferson Medical College, Philidelphia, formerly of Charleston, S. C.:

PHILADELPHIA, November 15, 1865.

I have been for a year or more past in the habit of taking the water of the "Excelsior" Spring of Saratoga. Accustomed during the great portion of my invalid life to use the different waters of the several fountains which boil up along that remarkable valley, dependent, indeed, upon them for much of the comfort I enjoy, I am satisfied that the Excelsior Water is as well adapted as any other among them, if not more so, to the purposes for which they are generally employed. It is very agreeable, strongly impregnated with the carbonic acid, lively and sparkling. * * * I can heartily and conscientiously recommend it to all who need a gentle cathartic and diuretic. SAMUEL HENRY DICKSON, M. D. The Water is put up in Pint and Quart bottles, and packed in good order for shipping, Pints in boxes of four dozen each, and Quarts in boxes of two dozen each.
